

# Taher kuresh

UI / UX and Graphic designer

## About me

I create visually appealing and engaging designs that help business expand and grow using my skills in ux design, graphic design and front end development. Having worked in a graphic design firm and on a few freelance projects, I have gained an understanding of how to understand the clients needs and goals. In my free time I listen to songs, play games ( mostly table tennis ) and spend time with my friends.

## Experience

### Graphic designer

Studio 53 Dec 2020 – Jun 2021 – 7 mos

I was responsible for the creation of marketing collaterals and graphics for clients such as brochures, catalogues, signages, stationary items etc. I was also involved in the printing process ensuring that all the projects were executed without any sort of delay

### Freelance Graphic designer

Jan 2021 – Present

As a freelance designer I have worked on several projects which include branding, social media posts, stationary design While keeping the business objectives of the client in mind. Some of my notable clients are:

- Dbohri
- Transform with coach saif
- Rising star volleyball league
- Karnataka tools traders
